pretty good. You get all the online gamemodes as well as friendlies. Friendlies allows you to play with LITE users (Those who haven't bought this DLC) on any gamemode online with the friendlies. As such you can play more then just 8Ball but you can't get money from it. You don't get the trickshot sandbox sadly, unless i am mistaken. For the price it isn't too bad. Offline has more "content" though.. I bought this thinking i would have access to all online areas as it states. But once i bought it and launched the game. It didn't do anything. What a waste of money.. Fun to play vs friends. pretty good. I bought this thinking i would have access to all online areas as it states. But once i bought it and launched the game.
